

ASSEMBLY INSTRUCTIONS – WONKY HAUNTED HOUSE

This fun version of a Haunted House includes all the parts you need to create a wonky Burtonesque masterpiece! Your kit will come as flat pack pieces and we recommend that you lay them out before you start to familiarise yourself with what goes where. You can decorate/line the interior before assembly but avoid getting anything in the joints or assembly will be difficult.

HINTS & TIPS

Always use a good quality wood glue. You may find low tack masking tape useful to hold things together while drying. Make sure you wipe away any glue oozes immediately with a damp cloth.

You can use battery operated tea or fairy lights with this house kit - DO NOT use any candle with a naked flame!
